The Moorish Science Temple of America

that this work has been developed for the benefit of the ACTIVE Members of our Indigenous and Aboriginal Moorish American Community. And that is because LAW is not only SPECIFIC, it is **A SCIENCE**. SIMPLY WAITING TO BE UNLOCKED!

Memorizing is far more difficult than understanding. **Once you truly understand a particular subject matter, memorization is no longer required. The subject matter simply becomes a naturally ineradicable aspect of your Core Being. Standing on Your Square** becomes as natural as breathing air. If finding a solution or REMEDY to

any tough subject, (e.g.: finding a sustainable REMEDY to a social conundrum) then memorizing treaty dates, law citations, codes and how to elude the tricky linguistic entanglements of Technical Legalese is NOT your solution. Once again: **As you begin to truly understand any particular subject matter, memorization is no longer required. The correct answers simply becomes a naturally ineradicable aspect of your core being.**

YOU BECOME THE REMEDY!

THE “HOW TO PROCESS”

Is Simply Scientific!

In order for anything to accurately qualify as being Scientific, it's constitution (i.e.: the fundamental principles of its intrinsic nature) **“MUST”** be Systematically Governed by the preciseness of that particular Paradigm's Methodology.

**Once this is understood,
everything about the subject becomes quite predictable.**

Understanding the unconditional predictability of a subject does not make the subject's power mute, **It Make The Subject's Power “YOURS”!**

I'm going to now reveal a little something that I know extremely specific and very personal about you. . . Yes!

“YOU”

All of your life, you've always known, but, for some reason, you just couldn't quite put your finger on it. That continuing whisper, that little something inside, always instinctively knowing, **SOMETHING'S NOT RIGHT!**

The reason I know this to be true, is because, otherwise, you would not be reading these words **AT THIS VERY MOMENT!** I assure you. You would have stopped reading long before reaching this point. You see! The ancient edict: SEEK, AND YE **“SHALL”** FIND, is in fact, a Divine Contract; a Cosmic Promise of The Highest Order!

The Contract doesn't say: Perhaps, or Maybe, Possibly or Could Be. No! It's **UNEQUIVOCAL!** Which means, it, **EMPHATICALLY “MUST” OCCUR!** Or from another vantage point it means: There's absolutely **NO** way possible for it not to occur SPECIFICALLY FOR YOU AS PROMISED! Your relationship with your Creator has always been uniquely. Why would anything regarding that fact just suddenly up and change at this point in time? You've always remain so diligently on your path toward this particular point, . . . and now, . . . **Here You Are!** How could you not eventually arrive at this place where you've always been headed? Sure, you may have veered off course from time to time, or gone around Robin Hood's Barn a few times always ending up at that same dead end on more occasions than you may like to admit. But, that's fine! It was all just simply part of your unique life's process bringing you here

where in fact you are,

AT THIS VERY MOMENT!
